

Meguiar's Metal Polish

Meguiar's Metal Polish is the perfect solution for polishing, restoring and enhancing uncoated metals on your boat or motor vehicle. Specifically formulated to quickly remove oxidation, minor swirls, stains and tarnish that reduce shine and reflectivity. Specialized polishing agents clean without scratching, leaving surfaces with a bright mirror-like shine. Apply by hand for brilliant clarity and shine on all uncoated metals, including chrome and polished aluminium.

- **PROTECTION:** Anti-corrosive protection for all metals
- **ALL METALS:** Suitable for aluminium (polished, cast and billet), chrome, stainless steel, brass, copper, silver and all other bright work components
- **RESTORATION:** Metal polish quickly cuts through oxidation, stains and swirls
- **POLISH:** A metal polish that leaves you with a mirror like finish without micro marring or swirling
- **EASY APPLICATION:** Simply work the metal polish with a cloth
