

Wichard Proline R Elastic 2 Point

1 ProSnap hook + 1 quick opening snap hook, elastic webbing + flat webbing with overload indicator.

Releasable tether under load.

The Proline R range is equipped with a forged stainless steel snap shackle meaning they can be released under load in emergency situations (man overboard, capsizing, etc).

The Proline R have all the features of the Proline range: ergonomic design, wide opening, high levels of safety, lightweight structure and replaceable webbing.

Features:

- 2 models available,
- Snap shackle on the harness can be released,
- 2 Overload indicators one on each webbing line (as per ISAF offshore special regulations),
- Built in shock absorber,
- CE marking.
